2005-2008 **Associate**
Directed lean execution teams to close sell-side mergers & acquisitions and private placement transactions. Implemented sophisticated financial models, industry research and due diligence.
- Contributed to over 50 deals and projects and +90% of the group's revenues during my tenure
 - Led a deal team that earned the restructuring group's largest fee since it was founded in 2001
 - Frequently interacted with C-level management teams and conducted due diligence on financial statements, growth forecasts and long-term assets such as manufacturing facilities
 - Constructed the group's proprietary database to track over 10,000 private equity interactions
 - Designed materials used to build the firm's formal international practice
 - Sample clients: Diamond Glass, United Sleep Products, Penn Chem, Willard & Kelsey Solar
- 2004-2005 **GREENWICH CAPITAL** **Greenwich, CT**
International Sovereign Debt Analyst
Researched, valued, and modeled characteristics of worldwide capital markets to produce data and reports for the firm's international trading group.
- Created macro-infused spreadsheets to model values and underlying prices of 3,000 CUSIPs
 - Helped to research and build spreadsheets to track new cross-currency futures
 - Modeled and graphed economic trends linking over 40 countries to explain market movements
